NOTICE OF AVAILABILITY

ENVIRONMENTAL ASSESSMENT
HIDDEN COVE PARK/MARINA
LEWISVILLE LAKE, DENTON COUNTY, TEXAS

Description. Interested parties are hereby notified that the District Engineer, Fort Worth District, has prepared an Environmental Assessment (EA) and a draft Finding of No Significant Impact (FONSI) regarding the proposed project for the City of The Colony at Lewisville Lake, Texas.

Statutory Authority. This notice is being issued to all interested parties in accordance with the National Environmental Policy Act (NEPA) of 1969, as amended, and the Council on Environmental Quality (CEQ) Code of Federal Regulations (40 CFR parts 1500-1508).

Background. An EA and draft FONSI for the proposed action were prepared in accordance with the requirements of NEPA and Engineering Regulation 200-2-2, Procedures for Implementing NEPA. The purpose of the EA is to identify and evaluate the environmental aspects of implementing the proposed action in accordance with NEPA.

Proposed Action. The proposed action is for the U.S. Army Corps of Engineers to address modifications to the Programmatic Environmental Assessment (PEA) signed August 1999 to the City of The Colony for the proposed construction activities at Hidden Cove Park at Lewisville Lake. Modifications of varying scope are proposed with the major modification being a shift of 510 vessel allocations from Wynnewood Park to Hidden Cove Park, thus increasing the total vessel allocations in Hidden Cove Park from 350 to 860, and decreasing the vessel allocations in Wynnewood Park from 840 to 330. In addition to this shift in vessel allocation, the physical location of the proposed marina would be moved from the northwestern shore of Hidden Cove Park to the southeastern shore of Hidden Cove Park. Other major modifications proposed include increasing the size and scope of the lodge/hotel conference center from 75 rooms to 250 rooms and increasing the dry storage area for boats and recreational vehicles from 60 open spaces to 248 covered spaces and 300 open spaces. Three alternatives were considered in the EA including the preferred alternative, no modification to the PEA and the no action alternative.

Public Hearing. A public hearing has not been scheduled for this proposed action. Prior to the close of the comment period, any person may make a written request for a public hearing, setting forth the particular reasons for the request. The District Engineer will determine whether the issues raised are substantial and should be considered in his decision. If a public hearing is warranted, all known interested parties will be notified of the time, date, and location of such a hearing.

Public Review. Pursuant to the regulations implementing the procedural provisions of the National Environmental Policy Act of 1969 as amended in 1975 (40 Code of Federal Regulations [CFR], Parts

1500 through 1508), the U.S. Department of the Army gives notice that it has prepared the required environmental documentation for the Hidden Cove Park/Marina project, Lewisville Lake, Texas. This document is available for review on the Fort Worth District Website www.swf.usace.army.mil or at the following addresses:
